

Technical SEO Summary & Action Overview

The technical SEO infrastructure has been fully built into the **visvam.in** codebase (including XML sitemaps, robots.txt, JSON-LD product & store schemas, canonical tags, and OpenGraph parameters). To complete live search indexing, traffic tracking, and commercial Google Shopping listings, please follow the 5 step-by-step setup guides below.

1. Google Search Console (GSC) Domain Setup

ACTION REQUIRED

PURPOSE & BUSINESS VALUE

Allows Google to index all 20+ dry fruit product pages, monitor site search performance, track keyword rankings in India, and report search queries bringing visitors to **visvam.in**.

Step-by-Step Instructions:

- Go to **https://search.google.com/search-console** and sign in with the main Viśvam Google Account.
- Click **Add Property** from the top-left dropdown.
- Select the **Domain** option and enter **visvam.in** (or select **URL prefix** and enter **https://visvam.in**).
- Choose the **HTML Tag** or **TXT Record** verification method.
- Copy the verification code (e.g. `google-site-verification=XYZ...`) and share it with the technical team.
- Once verified, click on **Sitemaps** in the left menu.
- Enter **https://visvam.in/sitemap.xml** in the "Add a new sitemap" box and click **Submit**.

✓ Deliverable to Tech Team: Google Site Verification Token

2. Google Analytics 4 (GA4) Property & Measurement ID

ACTION REQUIRED

PURPOSE & BUSINESS VALUE

Tracks live visitor counts, traffic sources (Google search, social media, direct), user engagement, popular products, and customer checkout conversions in real-time.

Step-by-Step Instructions:

- Go to **https://analytics.google.com/** and sign in.
- Click **Admin (Gear icon)** at the bottom left → Click **Create Account**.
- Name the account **Viśvam**, then create a property named **Viśvam** (select currency: *Indian Rupee INR*).
- Under Data Streams, choose **Web**.
- Enter Website URL: **https://visvam.in** and Stream Name: **Viśvam Web**.
- Click **Create Stream**.
- Copy the **Measurement ID** displayed at the top right (format: G-XXXXXXXXXX).

✓ Deliverable to Tech Team: GA4 Measurement ID (e.g. G-ABC123XYZ)

3. Google Merchant Center (Free Shopping Listings in India)

RECOMMENDED FOR E-COMMERCE

PURPOSE & BUSINESS VALUE

Displays Viśvam's dry fruits, jumbo almonds, W240 cashews, and gift boxes directly inside Google Search results and the Google Shopping tab across India for free.

Step-by-Step Instructions:

1. Go to <https://merchants.google.com/> and sign up with your Google account.
2. Enter your business name: **Viśvam** and country: **India**.
3. Under **Business Info**, verify and claim the website domain <https://visvam.in> (automatic if using the same account as Search Console).
4. Set up shipping rates (e.g. Free shipping over ₹999) and store address details.
5. Navigate to **Products** → **Feeds** to upload your product catalog or connect via Google Content API.

4. Google Tag Manager (GTM) Container Setup

OPTIONAL

PURPOSE & BUSINESS VALUE

Allows your marketing team to easily add Meta (Facebook/Instagram) Pixel, Google Ads conversion tracking, and remarketing tags in the future without editing website code.

Step-by-Step Instructions:

1. Go to <https://tagmanager.google.com/> and sign in.
2. Click **Create Account**. Name the account **Viśvam**.
3. Target platform: Select **Web**. Container Name: **Viśvam Web**.
4. Copy the Container ID displayed at the top bar (format: GTM-XXXXXXX).

✓ Deliverable to Tech Team: GTM Container ID (e.g. GTM-WXYZ123)

5. Google Business Profile (Local Maps & Search Ranks)

RECOMMENDED

PURPOSE & BUSINESS VALUE

Ranks Viśvam in local Google Maps searches for premium dry fruits, corporate gifting, and luxury nut hampers in your operating region.

Step-by-Step Instructions:

1. Go to <https://www.google.com/business/> and click **Manage Now**.
2. Enter Business Name: **Viśvam — Premium Dry Fruits & Handpicked Nuts**.
3. Category: Select **Dry Fruit Store** or **Corporate Gift Shop**.
4. Enter Store/Facility Address: F-329, 2nd floor, sector 63, Noida, 201309.
5. Add Customer Phone: +91 9217870974 and Website: <https://visvam.in>.
6. Complete verification via phone SMS, video call, or postcard.

Summary: What to Send to the Development Team

Service / Account	Required Key / Token	Example Format	Status
Google Search Console	Site Verification Token	google-site-verification=XYZ123...	Pending Client Setup
Google Analytics 4	GA4 Measurement ID	G-ABC123XYZ	Pending Client Setup
Google Tag Manager	GTM Container ID	GTM-WXYZ123	Optional
