- Step 4: Admin Panel Showcase (3 mins):** Switch tab to Admin Panel. Show the Dashboard sales overview, demonstrate adding/editing a product with Cloudinary image upload, and show updating order status (*Pending → Shipped → Delivered*).
- Step 5: Feature Proposal & Automations (5 mins):** Open the **Visvam_Client_Feature_Proposal.pdf**. Walk through subscriber welcome emails, WhatsApp order alerts, abandoned cart recovery, and discount promo code capabilities.

3. POINT-BY-POINT QUESTIONS TO ASK THE CLIENT

QUESTIONNAIRE

1. Design & Branding

- Do you approve the luxury color scheme (Warm Cream & Dark Forest Green) and typography?
- Are all product category names aligned with your current inventory list?
- Do you have additional banner images or founder story details to update?

2. Payments & Shipping

- Which active payment gateway account do you have (Razorpay, Cashfree, Stripe, Paytm)?
- Do you want to enable Cash on Delivery (COD)? Should we set a COD fee (e.g. ₹50)?
- Which logistics partner will you use (Shiprocket, Delhivery, NimbusPost)?

3. Marketing, Email & WhatsApp Automations

- **Welcome Email Discount:** Should subscriber signup give 10% OFF ('WELCOME10') or flat ₹100 OFF?
- **WhatsApp Integration:** Should we enable automated WhatsApp order status alerts & post-delivery review requests?
- **Abandoned Cart Recovery:** Should we send automated reminder emails 1h & 24h after cart drop-off?
- **Gift Packaging:** Would you like to offer custom gift box packaging (+₹99) at checkout?

4. FOLLOW-UP WHATSAPP & EMAIL COPY TEMPLATES
