

Overview: This document details every implemented feature across the **Visvam E-Commerce Website** and **Admin Management Panel**. It serves as your comprehensive feature guide during client walkthroughs and sign-off meetings.

1. HEADER, NAVIGATION & BRAND EXPERIENCE

5 Core Features

Top Announcement Bar

LIVE

Dynamic top promotional header displaying shipping thresholds (e.g. Free Shipping over ₹999) and active offers.

Luxury Navigation Navbar

LIVE

Responsive brand header featuring clean logo typography, smooth category menu links, and desktop/mobile layout.

Interactive Search Engine

LIVE

Real-time keyword search allowing customers to quickly search products (Nuts, Dried Fruits, Exotic Seeds, Gifting).

Shopping Bag Counter & Drawer

LIVE

Header bag icon displaying dynamic item count badge with 1-click trigger to slide out the cart drawer.

User Profile & Account Access

LIVE

Dedicated account profile portal giving customers quick access to login status, saved addresses, and order history.

2. HOMEPAGE & BRAND STORY SHOWCASE

7 Core Features

Hero Banner Showcase

LIVE

High-definition luxury banner visual with brand messaging and primary "Shop Now" call-to-action button.

Shop by Category Grid

LIVE

Visual category cards for Nuts, Dried Fruits, Exotic Seeds, Gourmet Products, Combos, and Luxury Gifting.

Best Sellers Carousel

LIVE

Interactive product carousel highlighting top-rated items with pricing and instant add-to-bag controls.

Co-Founder & Heritage Section

LIVE

Dedicated brand story highlight detailing Visvam's vision and leadership (Madhavendra Mishra co-founder feature).

Quality Assurance Badges

LIVE

- 100% Organic & Hand-Picked Selection
- Zero Artificial Additives or Preservatives
- Eco-friendly Luxury Gift Packaging

Customer Social Proof & Reviews

LIVE

Customer testimonial blocks with 5-star rating stars to build buyer trust and improve conversion rates.

Automated Newsletter Lead Capture

LIVE

Footer email subscription input allowing visitors to sign up for brand updates and receive automated welcome discounts.

3. PRODUCT CATALOG & DETAILS PAGE (PDP)

6 Core Features

Multi-Category Filtering

LIVE

Dedicated category pages for Nuts, Dried Fruits, Seeds, Gourmet, Combos, and Luxury Gifting Hampers.

Interactive Product Cards

LIVE

Image hover zoom effect, clear pricing, weight tags, star ratings, and 1-click add-to-bag triggers.

LIVE

Interactive photo gallery on the product details page showing multiple product angles and packaging.

Dynamic Package Size Selector

LIVE

Allows customers to choose weights (e.g. 250g, 500g, 1kg) with real-time price updates on the page.

Nutritional & Origin Info

LIVE

Detailed breakdown of product origin, dietary tags (Vegan, Gluten-Free, Organic), and health benefits.

Related Product Recommendations

LIVE

"You May Also Like" carousel section on product pages to increase Average Order Value (AOV).

4. SHOPPING CART & CHECKOUT EXPERIENCE

5 Core Features

Slide-Out Cart Drawer

LIVE

Non-intrusive side drawer that opens immediately when adding items without interrupting browsing.

Quantity Controls & Recalculation

LIVE

Easy [+] and [-] quantity buttons, item removal, and real-time subtotal calculation.

Free Shipping Progress Tracker

LIVE

Visual indicator bar showing customers how much more to add to unlock free shipping.

Streamlined Checkout Form

LIVE

Clean shipping address input, contact details, order summary breakdown, and promo code entry.

Payment Gateway & COD Support

LIVE

- **Online Payments:** Razorpay / Cashfree / Stripe support for UPI, Credit/Debit Cards, and Net Banking.
- **Cash on Delivery (COD):** Configurable COD option with optional OTP verification.

5. ADMIN PANEL & OPERATIONS DASHBOARD

4 Core Features

Analytics Dashboard

ADMIN

Centralized overview of total revenue, order count, top selling products, and store activity.

Product CRUD Management

ADMIN

Full control to create, update, price, and delete products and assign categories.

Cloudinary Image Upload

ADMIN

Direct high-performance cloud image uploads for ultra-crisp product imagery.

Order Status Pipeline

ADMIN

View incoming orders and transition statuses from *Pending* → *Processing* → *Shipped* → *Delivered*.

6. UPCOMING AUTOMATIONS & GROWTH MODULES (PHASE 2)

3 Key Modules

Automated Email Suite

PHASE 2

- Welcome email with discount code
- Transactional receipts & tracking updates
- 1h & 24h Abandoned Cart recovery sequence
- Back-in-stock alert emails

WhatsApp Chat & Alerts

PHASE 2

- Floating live chat support widget
- Automated order status alerts on WhatsApp
- Post-delivery automated review request

Coupons, Loyalty & Custom Gift Box Options

PHASE 2

- Dynamic promo code engine in Admin Panel (% off, flat ₹ discount, category coupons).
- Referral reward program ("Refer a Friend") and customer reward points.
- Personalized gift card message & luxury gift box add-on (+₹99) at checkout.
